OISE STUDENT RESOURCE GUIDE

SEP. 7, 2022
RESOURCES AVAILABLE TO OISE STUDENTS

*There are several resources and student services available to you at OISE and UofT. The list below is not an exhaustive one but highlights just a few.*

**Assignment Planner**
The Assignment Planner is a tool that helps you schedule your course assignments day by day, while also offering helpful tips, resources and links for each aspect of your assignment.

**Education Commons – Student Learning Hub**
Here you can find a range of tips, links, guides and tools for leveraging technology toward effective learning and online collaboration. Education Commons also offers support, tutorials and training for research-stream students in navigating the data analysis software REDCap.

**GRAD STEP UP - International Students**
An extended orientation program designed to support your transition to U of T as an incoming international graduate student by connecting you to key information, resources, and communities on campus.

**OISE Online Teaching and Learning**
Created by OISE staff and faculty, this page offers video tutorials on Quercus and Pepper, tips for success in online learning, links for external resources and FAQs from students about online learning technologies, accessibility, and support.

**OISE Library Orientation Guide – Your access point for research**
The OISE Library team is here to support you throughout your research and learning journey. In this guide, you will meet members of the team, take a virtual video tour of the library spaces, and get an introduction to some of the key research services and resources that the library offers.

**OISE Library – Video Tutorials**
A series of short video tutorials designed to help you set up a search strategy or provide a quick refresher! You can find more videos on the OISE Library YouTube channel.

**Robert Gillespie Academic Skills Centre**
This online resources hub offers several tips, pdf handouts, videos, and external links on academic writing, English Language Learner resources, study skills, math resources and academic integrity.

**Student Life – Academic Success**
Student Life at UofT can help graduate students navigate academic challenges through a series of workshops and resources.

**Writing Support on Quercus**
Organized by the UTSC Centre for Teaching and Learning this open Quercus page offers slide presentations, pdf handouts and several tips for navigating the academic writing process, different types of assignments, academic reading and more.
