

# IMPORTANT MA DEGREE FEE INFORMATION

**NOTE: The information below applies to students who began their MA program in January 2014 or earlier. For those who began in September 2014 or later, Degree Fees have changed - [click here](#).**

University of Toronto tuition fees policy stipulates that all MA degree students pay a **minimum** fee for their degree – referred to as the **Degree Fee**. This minimum fee is based on your year of admission and the number of courses required in your program and is calculated as follows:

- **If you were admitted to a 6-8 half-course (1 year) program length**, the **minimum** Degree Fee is calculated at 1 times the Fall/Winter, full-time academic fee for the academic year in which you began your MA degree program.
- **If you were admitted to a 10 half-course (1.5 year) program length**, the **minimum** Degree Fee is calculated at 1.5 times the Fall/Winter, full-time academic fee for the academic year in which you began your MA degree program.
- **If you were admitted to a 12-16 half-course (2 year) program length**, the **minimum** Degree Fee is calculated at 2 times the Fall/Winter, full-time academic fee for the academic year in which you began your MA degree program.

If, at the end of your program, the total amount of academic fees which you were charged during the time that you were registered is less than the minimum Degree Fee, you will be required to pay the outstanding balance. This is known as the **Balance Degree Fee**.

Note: The Fee Schedules below do not apply to students in the MA Child Study and Education program.

Below is the minimum Degree Fee which you are required to pay by the end of your MA degree program. Note that there is no maximum Degree Fee. **International student fees differ**. Please contact your Liaison Officer in the OISE Registrar's Office for information about international Degree Fees.
