

Requesting a Program Extension (Current Regulations)

This form is for students applying for consideration under the current extension arrangements.

In exceptional circumstances, a student who has not completed all degree requirements within the period specified in the degree regulations may be considered for extensions (a maximum of four one-year extensions for doctoral students and a maximum of three one-year extensions for Master's students) provided that your department approves. Extensions will be considered one year at a time.

Fees charged during the extension period are as follows:

Full-time students - 50% of the annual domestic academic fee, for both domestic and international students (plus incidental fees). Academic fees for the year of the doctoral Final Oral Exam will be pro-rated based on 50% of the annual domestic academic fee for the 12-month academic year, plus sessional incidental fees. Students must have been registered full-time prior to their final year to be eligible for pro-rated fees in their final year.

Part-time students - 100% of the annual fee. International students will be charged the applicable part-time international fee.

To apply for a degree extension under the current regulations, you must complete a Request for Program Extension Form outlining the causes for the delay, confirming satisfactory progress towards the completion of your degree and a reasonable expectation of completion within the extension period. The form should be completed towards the end of the last session of your time limit so that the information you provide accurately reflects your progress up to that time and the work to be completed in the extended year. You must also provide a letter indicating your commitment to complete the required work during the period of extension. The degree extension must be approved by your department and by the School of Graduate Studies. Please follow the instructions outlined on the form.

If you do not complete your degree requirements by the end of the maximum period of extension (four years for doctoral students; three years for Master's students), or if an extension is denied, no further registration or reinstatement will be permitted.

See below for the Request for Program Extension Form.
