I’ve accepted my offer, what should I do first?

Review the OISE and SGS New Student information pages:

- OISE: Newly Admitted Students
- School of Graduate Studies: First Steps for New Students

**NOTE** – OISE is a large graduate faculty. Unlike most ‘graduate units’ (which is SGS lingo for an academic department), OISE has its own Office of the Registrar & Student Services (ORSS). While most graduate students at U of T will go to SGS for their student services, OISE students should first consult OISE services, such as the ORSS. With this in mind, when navigating the U of T graduate landscape, we recommend starting with OISE material first and then proceeding to SGS as a secondary step.

Learn University of Toronto terms and acronyms!
